

## **High Performance Polyisocyanate** Hardener; STABIOTMPDITM

New high performance polyisocyanate for coating and adhesive, which has been first commercialized by Mitsui Chemicals INC.

**Biomass%; 71%** 

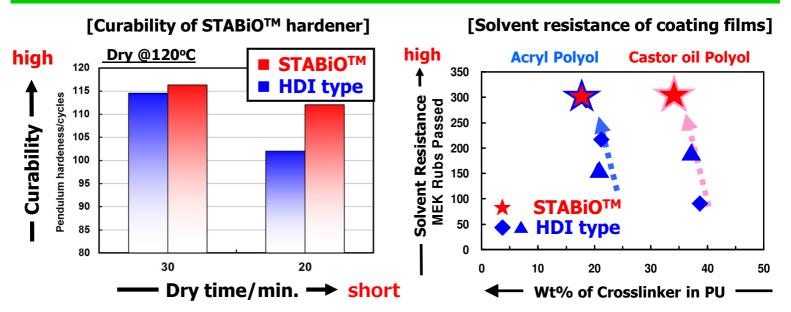

(Typical: Polyisocyanurate)

## Tentative specifications of STABiO™ Hardener

<b>STAB</b> iO <sup>™</sup>	D-370N	D-376N
Туре	Standard	Low viscosity
Appearance (APHA)	Clear, liquid (60)	Clear, liquid (90)
Solid content, %	100	100
Viscosity @25°C, mPa·s	1,950	900
NCO content, %	25	23.5

The specifications will be potential to be changed, because they are new products.

## [STABiO™ Hardener] Superior curability and solvent resistance of coating film
